Rates

\$2.00 per day, per child

\$6.00 maximum per week, per child

I added the \$6.00 maximum cost per week, per child rate to cut down on the cost for the moms that come all 5 days of the week, and to encourage those of you who only come 2-3 days to come more if your schedule permits.

A childcare worker will be present during these specific times to supervise children. Children under eight years of age may only be present during childcare hours. If your child/children are eight years of age or older and do not require supervision (meaning they stay quiet and calm) they may stay in the childcare room alone at other times during the day but the childcare rate WILL apply. All children, regardless of age, will be charged the childcare rate if present during the childcare hours listed above. While we are here to make childcare as convenient as possible, our desk staff have duties that they must accomplish during their shifts. Therefore, we encourage parents to bring their children during the childcare hours listed above while a childcare worker is present. Childcare invoices will be mailed at the end of every month and are due in the gym by the 10th.
